

BRUNNBAUER-ARMATUREN

YOUR PARTNER FOR WATER PROJECTS

BRUNNBAUER YOUR PARTNER FOR VALVES

VALVE SUPPLIER

... with more than 100 years experience!

RESILIENT SEATED GATE VALVE

DN32 - DN1200

PN10 - PN25

Material: Ductile iron

Corrosion protection: GSK epoxy coating 250µm

Connection: Flange, threaded A3:E6

Operation: Square end, handwheel, gear, various actuators

Approval: PZH, DVGW, NF, ACS, WRAS

METAL SEATED GATE VALVES

DN15 - DN1200

PN10 - PN160 (PN400)

Material: Ductil iron, cast steel, stainless steel,...

Connection: Flange, butt welding ends,...

Operation: Square end, handwheel, gear, various actuators

KNIFE GATE VALVES

DN50 - DN1000

PN10 - PN16

Material: Ductile iron

Corrosion protection: epoxy coating 250µm

Connection: Wafer, lug,...

Operation: Square end, handwheel, gear, various actuators

SATISFIED CUSTOMERS

Alexandria NSDK, Alstom Power, Elin Union, Energie-comfort, GAMA, Lurgi, Robert Bosch AG, VODA E Kanal Sevoza, Voith, Waterplant Sofia, Waterplant Varna, Voest Alpine Group

BALL VALVES

DN15 - DN300

PN16 - PN400

Material: Ductil iron, cast steel, stainless steel,...

Connection: Flange, socket / butt welding or threaded ends,...

Operation: Lever, gear, various actuators

ECCENTRIC BUTTERFLY VALVE

DN200 - DN2000

PN10 - PN40

Material: Ductil iron, cast steel, stainless steel

Corrosion protection: epoxy coating

Connection: Wafer, lug, flange,...

Operation: Gear, various actuators

CENTRIC BUTTERFLY VALVE

DN32 - DN1600

PN10 - PN16

Material: Ductil iron, cast steel, stainless steel

Corrosion protection: epoxy coating

Connection: Wafer, lug, flange,...

Operation: Lever, gear, various actuators

SWING CHECK VALVES

DN200 - DN2000

PN10 - PN40

Material: Ductil iron, cast steel, stainless steel

Corrosion protection: epoxy coating

Connection: Wafer, flange,...

SATISFIED CUSTOMERS

AE & E, AGA Gas, BASF AG, Biochemie Kundl, Borealis, BP Gas, Chemserv, D. Swarovski, Donau-chemie, DSM Chemie, MSK Kikinda, Schoeller Bleckmann, Primetals Solvay Sodi-Devnia, Z.A. Pulawy,

BALL- / LIFT CHECK VALVES

DN15 - DN500

PN10 -PN16

Material: Ductil iron, cast steel, stainless steel

Corrosion protection: epoxy coating

Connection: Flange, threaded ends,...

AIR VALVES

DN15 - DN200

PN10 - PN100

Material: Grey cast iron, ductil iron, cast steel, stainless steel

Corrosion protection: epoxy coating

Connection: Flange, threaded ends,...

TURBINE INLET - BUTTERFLY VALVES

with hydraulic and counter weight, material, dimension and pressure rate according to customer request.

PLUNGER VALVES

DN80 - DN1800

PN10 - PN100

Material: Ductile iron, cast steel

Corrosion protection: epoxy coating 250µm

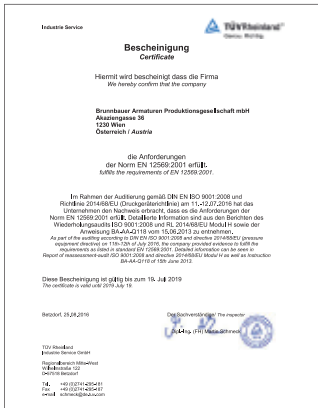

Connection: Flange

Operation: Gear, various actuators

SATISFIED CUSTOMERS

Bulgargas, Confind, EGS, Habau, Lukoil, Lutin, MOL Group, OMV, Petrom, Sloznaft, Andritz Hydro, Gugler Water Turbines, Verbund ...

BRUNNBAUER-CERTIFICATES

BRUNNBAUER-ARMATUREN

has been at your disposal for more than 100 years as a competent, innovative and reliable supplier of industrial fittings. Thanks to our many years of experience in the production of industrial valves, we can cover the ever-increasing needs and requirements of our partners with high-quality products.

Our partners are mainly to be found in the oil & gas, power plant technology, petrochemical industry, hydropower technology, snow making and chemical & pharmaceutical industries. With our production plant in Hungary, we were able to increase capacity by one third and at the same time meet the increasing demand for flexible customer solutions.

Our headquarters in Vienna offers you not only many years of „know-how“ but also short delivery times thanks to a well-assorted warehouse. In addition, our highly qualified staff and the available test benches enable us to offer additional services, repairs, overhauls and special solutions.
